English Summer Reading

Summer Reading

Summer Reading

All Trinity Catholic students are required to do Summer Reading and complete a literary outline assignment by the first day of class in the Fall.

The link for each class' literary outline assignment will be in the course boxes below. These books are available at public libraries or may be purchased at local bookstores or online. Many of the selections are available as free e-books through a variety of sites such as Project Gutenberg.

Students will be assessed on the reading selection(s) upon their return in the Fall. Assessments may include one or more of the following: quiz, writing assignment, and/or project.

*Students taking a dual enrollment English course at CF do not have a summer assignment through TC. Check your syllabus with CF for any summer requirements.
